

To whom it may concern

I am writing this to recommend Ms. Pwint Phyu, who served as a Marketing Executive from March 2022 to April 2024 at PP Cleaning Supplies Myanmar.

Pwint Phyu is an exceptionally fast learner, demonstrating a unique ability to master both the technical specifications of our products and the nuanced strategies of our marketing landscape. She has a unique talent for capturing my ideas and transforming them into superb, actionable projects-often improving them with her own creative insights.

Pwint Phyu is a self-starter who managed multiple campaigns with minimal supervision. Her kind and friendly personality allowed her to work well with every coworker she encountered; she is a true team player who never hesitated to help others.

Most importantly, Pwint Phyu possesses a **strong moral compass**. She has a clear sense of what is right and wrong in her work, negotiations, and networking efforts. In today's business world, she is a rare young woman whom any leader can rely on to get the jobs done efficiently with integrity. You can definitely count on her loyalty to the organization, and a deep commitment to both her own professional growth and the growth of the company.

With the Master's degree in International Digital Business she recently achieved, I can guarantee that Pwint Phyu is more than ready to thrive in today's competitive world and tackle the tasks she takes on proficiently.

Sincerely

Thynn Khine Kyaw

Managing Director
